Subject: Discussion for analysis clarification for sampling at Mead, NE

Good afternoon all

I'm trying to reach out to all of my ORD contacts in regard to the upcoming AltEn Ethanol facility at Mead, NE air toxics/sampling/screening project we plan on conducting May 31-June 2 that ORD will be providing the analysis for.

Ex. 5 Deliberative Process (DP)

I'm copying the ORD contacts I've been working with, please forward to any others if needed. Just let me know what you think and I can go into TEAMS and try to set some time up around all participating party's schedules.

Thanks in advance!

Leland
